Maui and Moloka'i Spectacular

90 Minutes
Kahului
Departure

This comprehensive tour begins with a flight exploration of the most magnificent Maui valleys, rainforest, and waterfalls. Experience the untamed beauty of Moloka'i's north shore as you soar above rugged coastline and witness towering waterfalls cascading into the turquoise sea. Land at our exclusive and remote location at Ulupalakua Ranch, on the slopes of Mt. Haleakalā. Refreshments are served while you take 20 minutes to enjoy the breathtaking scenery with bi-coastal views.

The West Maui and Moloka'i helicopter tour takes you on an aerial adventure into some of the most remote and beautiful places in the world. Soar above untouched coastline, where towering waterfalls plunge from sea cliffs into the turquoise sea on Moloka'i's north shore. Explore the lush, meandering valleys set deep in the rainforest of the West Maui Mountains, with their legendary knife-edged, mist-covered peaks.

50 Minutes
Kahului
Departure

Discover the hidden beauty of Hana. Soar over Maui's lush rainforest, cascading waterfalls, and secluded beaches. Witness the dramatic coastline, lush valleys, and the iconic Jurassic Rock. This exclusive tour offers a unique perspective on the island's eastern charm. As you fly over the lush rainforest canopy, you'll be captivated by the vibrant green hues and the soothing sounds of nature. Catch a glimpse of hidden waterfalls cascading down the cliffs and discover secluded beaches that are only accessible by air or by a challenging hike. This tour is a must-do for those seeking a truly unforgettable experience.

Embark on an unforgettable adventure with our Majestic Maui helicopter tour and discover the breathtaking beauty of Maui from thousands of feet above. Soar over the world's largest dormant volcano, Mt. Haleakalā, and witness its immense, moon-like crater like never before. Explore deep, meandering valleys set in the rainforest of the ancient West Maui Mountains. Knife-edged ridges with mist-shrouded peaks separate the spectacular valleys that give Maui its nickname, "The Valley Isle."

Seating Information

For the comfort and safety of our guests, please review the below information about seating arrangements on our helicopters:

- Combined front row seat weight must be under 470 lbs and individual passenger weights must be under 240 lbs. Should actual weights during check-in exceed any of these limits guests will be accommodated in other seats and a refund will be made for the premium upgrade fee. If a single guest weighs more than 240 lbs., and wishes to purchase a front row seat, they must also purchase a comfort seat. If the guest is traveling solo, the comfort seat would be the second front seat and would be purchased in addition at full price.
- In the event of an emergency front row passengers must be able to receive instructions in English and be physically capable of operating exit doors.
- All of our bases are wheelchair accessible and ADA compliant, aside from our Turtle Bay location on O'ahu. Each base also has a custom built chair lift to assist passengers into the helicopter safely and comfortably. Our chair lifts are able to accommodate passengers up to 250 lbs.
- Chair lifts are only able to access the rear row of seats. Guests requiring a chair lift to board cannot be accommodated in the front row.
- Front row passengers must occupy their own seats and must be able to refrain from interfering with the pilot and instrumentation. Lap children cannot be accommodated in the front row. At least one guest seated in the front row must be 16 years of age.
- Seating arrangements: Unless you charter the complete helicopter you will be sharing the flight with other guests. We try to seat parties traveling together side-by-side as much as possible. We cannot guarantee particular seating as it is often dictated by our FAA approved "weight and balance" program. Each aircraft seats 6 guests. 2: Front Seating and 4: General Seating (refer to the image below).
- If you are particularly prone to motion sickness, taking a precautionary anti-motion sickness medication is a good idea. However, our flights are very smooth and turns are slow and gentle. Most people do not experience motion sickness and do not need an anti-motion sickness medication.
