

Instructions for Downloading & Using VLC Media Player to Watch HD Inflight Video

To download VLC Media Player, please navigate to the <u>Blue Hawaiian</u> <u>FAQ</u> page if you're not there already,

(https://www.bluehawaiian.com/about/faq).

Once there, scroll down to question 14, How do I view my High-Definition inflight video on my computer with the USB I purchased? Click the link beside **Download for Windows 32bit, Windows 64bit or MacOS;** this will bring you to the VLC download page. https://www.videolan.org/vlc/

8. When is the best time to fly?	
9. How much experience do your pilots have?	
10. How long has Blue Hawaiian been in business?	
11. Does Blue Hawaiian offer flights that are not primarily for scenic viewing?	
12. What are your hours of operation?	
13. Are we going to see lava?	
14. How do I view my High-Definition inflight video on my computer with the USB I purchased	?
We strongly recommend the VLC Media Player version 2.0.8 to view your HD inflight video. be downloaded here:	Version 2.0.8 can
VLC Media Player Download and Install Instructions: VLC_Instructions.pdf	
Download for Windows 32bit, Windows 64bit, or MacOS: https://www.videolan.org/vlc/	
15. Will we be the only ones in the helicopter? How is seating arranged?	
16. How low do you fly?	
17. What should we consider about travelling to a different island to take an air tour?	
18. Can I take a tour if I use a wheelchair?	

Once on the VLC website, click on the dropdown arrow to the right of the **DOWNLOAD VLC** button and select your operating system from the dropdown. If your computer operating system runs on 32bit, click **Windows;** for 64bit, click **Windows 64.** If you're using an Apple computer, please click **macOS.** Once you

find and click your operating system, the download should automatically begin after a few seconds.

vlc-

Once the installer is downloaded, you can find it in your **Downloads folder.** Click on the traffic cone icon to begin the installation process.

It will prompt you to select your language.

.0.0-wino4	Installer Language	×
	Please select a language	2.
	English	~
	ОК	Cancel

Then you may simply click 'Next,' on the following three screens to continue through the installer.

As you reach the final install screen, simply click 'Install' to install the program, unless you would like to install the program to a specific location, (although this is generally not recommended).

VLC media player Setup	—		\times

It will take a minute for the program to install. Once it has installed, you will be brought to this final screen where you can click, 'Run VLC media player' which will open the player after you click 'Finish.'

Once the VLC

Medial Player is installed onto your computer, you can use VLC to view your video.

First, remove the SD card from your computer. Second, re-insert the SD card into your computer. This will be displayed. Select *'Play video Files'*. If this is not displayed, refer to the next page.

Left click once on your tour video folder. This will highlight the folder
